
Institutional Goals and Outcomes

Goal 3: Engage and serve students and graduates

Outcomes:

1. USF alumni maintain strong relationships with the university.
2. The university's department of athletics engages students and the community in athletic programs that incorporate the five Core Values of the NAIA's Champions of Character, while supporting its student-athletes' educational aspirations and progress.
3. Throughout the admissions process, prospective students are respected and valued.
4. The university provides financial support to students in their quest to attain a private higher education.
5. The university cultivates a personal relationship with students through effective academic advising, helping them to set and achieve academic and professional goals.
6. The Registrar's office supports student enrollment through personalized and efficient registration processes.
7. The university provides personal services to help students deal with life issues that may inhibit academic success.
8. Residential life programs contribute to resident students' personal development.
9. Student life creates opportunities for engagement, development and learning for commuter students.
10. Parent programs help parents to connect with the university.
11. Co-curricular activities support student involvement and personal development.
12. Dining Services provides cost-effective quality food services.
13. The Campus Shoppe provides cost-effective access to books and supplies.
