
Institutional Goals and Outcomes

Goal 7: Design Our Future

Outcomes:

1. The university's data and information structure effectively supports institutional and departmental planning and assessment processes.
2. The university achieves its strategic planning priorities.
3. The university manages its financial resources to meet current and future needs.
4. The university acts to minimize risk to humans and the environment.
5. The university ensures compliance with all federal, state and local laws as a not-for-profit institution.
6. The university represents itself authentically to its stakeholders.
